POLISHED POLYAMIDE

Prices applicable to AK and BK prosthetic covers.
Please check the UNYQ COVER App for available colors. (All colors are available in glossy or matt).

EXTRA OPTIONS

MAGNETS OR SCREWS

We use magnets for a quick and easy attachment. If the patient is active we recommend replacing the magnets by screws when ordering for a more secure fitting.

KNEE PROTECTOR

3D knee protector printed in textured polyamide for transfemoral covers. Easily replaceable with a screw. Only available for some designs. Please check the catalog or UNYQ COVER App.

VINYL / ENGRAVED

Add a vinyl or engrave the cover, for example with an image, text or logo. Check with your Area Manager for details.
